Dear Valerie,

My guess is that not only Wolf will be involved but others too. But until today we have nothing than the announcement of the date, no program, no details regarding duration or people concerned. I will talk to Wolf later (he is in video conference for the rest of the day) and we will try to find out details.

The Beran-visit is still unchanged - and hopefully it will remain like this. Otherwise we'll be in big trouble with our whole planning (travel, meetings, etc.). - I hope, I can provide more information by tomorrow.

Kind regards,

Brigitte Viol

Dear Brigitte:

Does this impact other scientists at INBIFO besides Wolf? And is there any possibility that the compliance training will not last the entire day?

I ask only because I recall that scheduling the review during the week of April 29th was problematic for many INBIFO participants due to the scheduled Beran visit (unless this has now changed) and Rick's availability that same week is also very limited.

If the compliance training only impacts Wolf's availability for all or part of the review, I may be able to go forward with the 26th after all. Please let me know.

Thanks and best regards,

Valerie

Please hold April 26 from 8:30 am to 11:30 am on your supervisor's calendars for the April WSA project review. Conference room R&D A1 has been reserved.

A detailed agenda will be forwarded to you shortly. If there are existing conflicts, please advise me of them asap.

Thanks,
